▲ Weld On Nose SS260

Terminator Box Point Adaptors

For use on S130 Noses on Dragline and Excavator Buckets. Mainetec also has weld-on noses available for any G.E.T. conversions.

Benefits:

- Made using A.O.D. technology for superior wear quality
- Specially designed with rebates for PTAW to ensure maximum service life.
- Designed for zero downtime with no teeth change-outs
- Will fit part so no modifications required to the S130 equivalent noses.

Part #	Description	Mass (kg)
